INDEPENDENT AUDITORS' REPORT

Board of Directors Friends of the Earth Washington, DC

We have audited the accompanying financial statements of Friends of the Earth, which comprise the balance sheets as of June 30, 2013 and 2012, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Board of Directors Friends of the Earth

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Friends of the Earth as of June 30, 2013 and 2012, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Friends of the Earth defend the environment and champion a healthy and just world. The Organization works toward achieving its mission through the following program areas:

The **Economic Policy** program fights to replace economic policies that fuel environmental destruction and social injustice with fair and sustainable approaches.

The **Climate & Energy** program moves toward limiting potentially catastrophic climate change, encouraging the much more efficient use of energy, and the shift to cleaner energy sources, which include wind, solar and geothermal power.

The **Food & Technology** program works to keep toxic chemicals and risky new technologies, such as genetic engineering and nanotechnology, out of the food we eat and the products we use.

The **Oceans & Vessels** program campaigns to protect marine ecosystems and the people who live and work near them, in part by influencing shipping policies.

The **Outreach** and **Membership** programs educate members and the public about important environmental issues through advertisements, mail, the internet, and a quarterly newsmagazine.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For financial statement purposes, the Organization considers all investments with a maturity of three months or less at the time of purchase to be cash equivalents. Amounts held in the charitable gift annuity are not considered cash equivalents, regardless of maturity.

Accounts Receivable and Promises to Give

Accounts receivable and promises to give are recorded at their net realizable value. Accounts 90 days past due are analyzed for collectibility and when all collection efforts have been exhausted, the account is written off against bad debt expense. All amounts recorded are considered fully collectible by management at June 30, 2013 and 2012.

Fixed Assets

Furniture and equipment are recorded at cost and depreciated on the straight-line basis over the estimated useful lives of the assets (3 to 5 years). Leasehold improvements are amortized on the straight-line basis over the remaining term of the lease. Donated fixed assets are recorded at fair market value at time of donation. The Organization capitalizes all furniture and equipment expenditures greater than \$1,000 with a useful life of greater than one year.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Charitable Gift Annuity

The donors contributing to the charitable gift annuity receive a promise from the Organization to pay a fixed amount over the time period specified by the donor. The investments are recorded at their fair value when contributed. The annuity liability represents the present value of the estimated payments owed to the donors of the charitable gift annuities.

Fair Value of Financial Instruments

Fair Value Measurements

The Organization categorizes its assets and liabilities measured at fair value into a threelevel hierarchy based on the priority of the inputs to the valuation technique used to determine fair value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used in the determination of the fair value measurement fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement. Assets and liabilities valued at fair value are categorized based on the inputs to the valuation techniques as follows:

Level 1

Financial assets and liabilities whose values are based on unadjusted quoted prices for identical assets or liabilities in an active market that the Organization has the ability to access. Securities value using Level 1 inputs include those traded on an active exchange, such as the New York Stock Exchange. Securities valued using Level 1 input include equities and equity mutual funds.

Level 2

Financial assets and liabilities whose values are based on quoted prices in markets that are not active or model inputs that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include among others, quoted prices for similar assets or liabilities in active market or non-active market. The Organization has no investments classified as Level 2.

Level 3

Financial assets and liabilities whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs reflect management's own assumptions about the assumptions a market participant would use in pricing the asset or liability. The Organization has no investments classified as Level 3.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Net Assets

Net assets are classified for accounting and reporting purposes according to their nature and purpose and based upon the existence or absence of any restrictions thereon. A description of each net asset group is as follows:

<u>Unrestricted</u> – Operating Fund - represents net assets that are not subject to donorimposed restrictions.

<u>Unrestricted</u> – Board Designated – consists of unrestricted contributions that the Board designated for specific programs and a reserve fund of the Organization.

<u>Temporarily Restricted</u> – Operating Fund - consists of grants and contributions received from various organizations and individuals who have specified that the contributions be used to fund specific programs. Temporarily restricted net assets become unrestricted when the time restrictions expire or the funds are used for their restricted purpose and are reported in the statement of activities as net assets released from restrictions.

<u>Temporarily Restricted</u> – Reserve Fund - consists of restricted contributions (\$145,000) which can be used for operations on a temporary basis according to guidelines established by the Board of Directors. Interest earned on this fund is credited to the unrestricted operating fund.

<u>Temporarily Restricted</u> – Endowment Fund - consists of a bequest (\$53,421) whereby the principal of this bequest is required to be endowed for a period of thirty years (through fiscal year 2019), during which time the Organization may expend only the annual investment income of the fund for charitable, educational or other purposes to which the Organization is devoted. Interest earned on this fund is credited to the unrestricted operating fund.

<u>Permanently Restricted</u> – consists of contributions (\$210,272) whereby the principal of the endowment funds are to be held in perpetuity and the net earnings used for internships.

Grants and Contributions

Contributions and grants are recorded as revenue in the year notification is received from the donor. Support that is donor-restricted, either by program or by time, is reported as an increase in temporarily restricted net assets. When the restriction expires, that is, when a time restriction ends or the purpose of the restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets as net assets released from restrictions. The Organization's policy is to report all donors' restricted contributions as temporarily restricted revenue even if those restrictions are met in the same reporting period the contributions are received.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Functional Allocation of Expenses

The costs of providing programs and supporting services are summarized on a functional basis in the statements of activities. Accordingly, salary, benefits and overhead expenses have been allocated among the programs and supporting services benefited.

Income Taxes

The Organization is exempt from the payment of income taxes on its exempt activities under Section 501(c)(3) of the Internal Revenue Code (IRC). The Organization has been classified by the Internal Revenue Service as a publicly supported organization under section 509(a)(1) of the IRC.

The Organization's income tax returns are subject to review and examination by federal and state authorities. The tax returns for the fiscal years ended 2010 through 2012 are open to examination by federal and state authorities.

Reclassification

Certain reclassifications have been made to the June 30, 2012 financial statements in order to present them in conformity with the June 30, 2013 financial statements. These reclassifications had no effect on net assets as previously reported.

Subsequent Events

In preparing these financial statements, the Organization has evaluated events and transactions for potential recognition or disclosure through November 13, 2013, the date the financial statements were available for issue.

NOTE 2 CONCENTRATION OF CREDIT RISK

Financial instruments that subject the Organization to a concentration of credit risk consist of demand deposits placed with a financial institution. Funds in excess of Federal insurance limits may be exposed to credit risk.

NOTE 3 RELATED PARTY TRANSACTIONS

The Organization shares expenses with Friends of the Earth (Action), Inc. (FOE, Inc.), which is an exempt organization under Section 501(c)(4) of the Internal Revenue Code. Shared expenses include employee compensation, rent, and other expenses. Friends of the Earth and FOE, Inc. have separate Boards of Directors.

NOTE 3 RELATED PARTY TRANSACTIONS (CONTINUED)

The following is a summary of the transactions for the years ended June 30:

	2013	2012
Due from FOE, Inc Beginning of Year	\$ 131,162	\$ 169,062
Contributions received on behalf of FOE, Inc. Administrative Fee Charged to FOE, Inc. Expense Paid by FOE on Behalf of FOE, Inc. Reimbursements from FOE, Inc.	(5,970) 29,946 18,429 -	(18,181) 17,367 2,812 (39,898)
Due from FOE, Inc End of Year	\$ 173,567	\$ 131,162

Members of the Board of Directors make contributions to the Organization on an annual basis. Amounts contributed amounted to approximately \$135,000 and \$149,000 for the years ended June 30, 2013 and 2012, respectively.

NOTE 4 INVESTMENTS/CHARITABLE GIFT ANNUITIES

Investments consist of Charitable Gift Annuities (CGA) and other investments held by the Organization. CGAs are unrestricted irrevocable gifts under which the Organization agrees in turn to pay a life annuity to the donor, or designated beneficiary. The contributed funds and the attendant liabilities immediately become part of the general assets and liabilities of the Organization. Investments recorded at fair value, except money funds which are recorded at cost and approximate fair value, consist of the following at June 30:

	2013					2012			
		Cost	Market		Cost		Market		
Money Funds	\$	89,697	\$	89,697	\$	56,106	\$	56,106	
Equities		46,997		43,442		18,448		19,509	
	\$	136,694	\$	133,139	\$	74,554	\$	75,615	
CGA - Mutual Funds - Equities		76,368		95,612		77,823		84,667	
	\$	213,062	\$	228,751	\$	152,377	\$	160,282	

The Organization invests in a variety of investments. In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect the investment balances and the amounts reported in the balance sheet.

NOTE 5 FAIR VALUE HIERARCHY

The Organization uses measurements to record fair value adjustments to certain assets and liabilities and to determine fair value disclosures. For additional information on how the Organization measures fair value refer to Note 1 – Significant Accounting Policies.

The following table presents the Organization's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of June 30:

NOTE 6 CAPITAL LEASE COMMITMENT

In May 2009, the Organization entered into a five-year capital lease obligation for two copiers. The liability under this capital lease at June 30, 2013 and 2012 is \$8,328 and \$17,491, respectively.

The capitalized equipment has a cost of \$41,410 and accumulated amortization of \$34,508 as of June 30, 2013. Amortization expense of \$8,282 was recognized on the capitalized equipment for the years ended June 30, 2013 and June 30, 2012.

Future minimum payments to be paid in the 2014 fiscal year for the capital lease obligation are \$8,328, including interest.

NOTE 7 TEMPORARILY RESTRICTED AND DESIGNATED NET ASSETS

The required amount of the LOC is \$84,263 after the third lease year and \$33,705 after the sixth lease year. The letter of credit is secured by a certificate of deposit.

NOTE 12 ENDOWMENT

Interpretation of Relevant Law

The Organization has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment fund absent explicit Organization donor stipulations to the contrary.

As a result of this interpretation, the Organization classifies the original value of the temporarily restricted endowment gifts that have long-term time restrictions as a temporarily restricted endowment. The earnings on the endowment are also classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Organization.

In accordance with UPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the fund
- (2) The purposes of the Organization and the donor-restricted endowment fund
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the Organization
- (7) The investment policies of the Organization.

NOTE 12 ENDOWMENT (CONTINUED)

The endowment's investment policy objective is to protect the principal, earn a return, and provide growth.
