All,

Bloom Energy has requested a follow-up conversation with EPA. Please distribute to the relevant parties.

Thank You,
Kyle

Request Message:

As a follow-up from our call-in January, I was hoping that you and your team would be open to another call to discuss updates on the eRIN program.

As an action item from our last call, and in preparation for your expected notice in a few months, we have been working closely with BTR Energy to answer some of the questions you and your team posed on our last call.

We feel that we have helpful insights into making the RFS program more efficient in producing better environmental outcomes while also creating environmental justice considerations.

We would love to share our thoughts and receive feedback in preparation of the summer's activity.

Chris,

Let's do Thursday the 24th at 4pm. I have set that time slot aside on the relevant calendars internally. Please let me know if you would like me to set up a Teams event for this meeting.

Best,
Kyle

hi Kyle - would one of these windows below work? sorry about the delay, but it required coordinating with some local governments who own and/or operate WTE facilities.

Wednesday 23: 3-5pm
Thursday 24: 2:30-5pm
Monday 28: 10am-3pm

thanks, Chris

Chris,

My understanding is that Sarah and Ben have asked the Assessment and Standards Division (Director Bill Charmley) to handle this meeting. ASD is leading the eRIN rulemaking process and thus my and Paul Machiele's involvement (Fuel Center). Not a silly question at all. Hopefully that clears things up a bit on your end, but feel free to give me a call Ex. 6 Personal Privacy (PP) if necessary.

Thanks,
Kyle

hi Kyle - thanks very much for the outreach.

this probably sounds like a dumb question, but may i ask who encouraged you to reach out (e.g., Sarah, Ben, Karl, etc.)? that will help me determine which partner here at AJW (and Waxman & Assoc.) to coordinate with...and which client is involved.

thanks, chris

Good Morning Chris,

I was asked to reach out to you and your partners to arrange a meeting on the topic of eRINs. I am the technical lead for the eRIN project, but I anticipate a good number of our of our folks will be attending this meeting as well. Is there an ideal time window where you would like me to check calendars and send you potential availability? Thanks for your interest and I look forward to getting this meeting scheduled.

This has been far too distracting on a few calls that went far too long this week (see attached for one of my favorites, which is quite close to something I have in a BTR pitch deck) :-)

Great to see you Monday. Thank you for making time.

You asked about the marketing materials we use with OEMs.

You'll see RFS does feature in our pitch. Let me know if you'd like to go through these in more detail sometime, or if you'd like me to demo our software with you or take you through more of the detailed QA that we do on the charging data we use for LCFS.

Have a great weekend, and I'll talk to you again soon!
